THE **FIRST TALENT FAIR** FOR **EGYPTIAN ARCHITECTURE AND INTERIOR** GRADUATION PROJECTS

/Get the chance to win +20,000 EGP, 7 Internships and more   »

COMPET-
ITION   BRIEF

The First Egyptian Graduation Projects Talent Fair aims to provide a platform for young Egyptian designers to showcase their creative ideas and innovative solutions. This competition will help the participants to ***connect*** with the design industry and to gain valuable ***exposure and experience.***

It gives an opportunity for young Egyptian designers to showcase their creative ideas, gain valuable industry experience, and connect with potential employers. This competition will help to ***foster a culture of innovation and creativity*** in Egypt and to support the growth of the design industry in the country.

01

02

03

Participants will submit their **graduation projects,** which will be evaluated by a panel of judges consisting of national and international industry experts, academics, and professionals. The judges will evaluate the projects and the winners will receive **awards and recognition** for their outstanding work.

The second part of the competition will involve matching the competition participants with suitable design firms for an interview and an **internship opportunity.** This will provide an opportunity for the participants to gain valuable **industry experience** and to learn from professionals in the field.

The third part of the competition will be a **Metaverse event** where all the participants will have the opportunity to showcase their projects. This will provide an opportunity for a wider audience to view the projects and for the participants to connect with each other and with potential employers. The metaverse event will also include panel discussions, keynote speeches, and **networking opportunities.**

AWARDS
